Mother Lode Mineral Society Rock and Gem Show March 9 & 10, 2019

Dear Guest Exhibitor ~

The Mother Lode Mineral Society invites you to exhibit at our Rock and Gem Show on March 9 & 10, 2019. If you have something unusual in your case that could be included on the Treasure Hunt, please let us know. Space is limited and applications will be accepted on a first come first served basis. Last year we were not able to place everyone in a case so please send you applications in as early as possible. **Please RSVP by February 20, 2019.**

Set-up time for exhibitors will be on **Friday, March 8 <u>after</u> 1 pm** when security begins. The hall will remain open until 9 pm on Friday. You can also set up early Saturday morning if prior arrangements are made with Angela. Hostesses will be situated near the entrance to each building at 1 pm on Friday with your exhibitor's packet. They will help you find the location of your case. Because we consider our show to be an educational family event, we encourage you to label the material in your case to help our guests learn to identify material.

As a thank you to our exhibitors, dealers, and members we host a complimentary dinner on Friday evening. RV camping will be available for exhibitors at no charge on Friday and Saturday nights.

We look forward to seeing you and thank you for your participation in our show.

Angela Mendoza, Exhibit Chairman
